Executive Summary ix

I. Overview
Programs Managed by the CDMRP I-4
Best Business Practices: From Program Development through Science Management I-17
"Outside-the-Box" Thinking I-18
Innovative and Rigorous Proposal Submission and Review Process I-24
Unparalleled People and Partnerships I-28
Highest Standards of Ethics—Good Stewards I-38
Transparent and Open Communication I-43
On the Horizon I-46

II. Breast Cancer Research Program
The Disease II-3
Signs and Symptoms II-3
Early Detection II-4
Program Background II-5
Blazing the Trail II-7
The Program Today II-28
New Horizons II-31

III. Prostate Cancer Research Program
The Disease III-3
Signs and Symptoms III-3
Program Background III-4
Making an Impact: The People III-5
Making an Impact: The First Decade III-10
The Program Today III-30
Charting the Course: The Second Decade of the PCRP III-31
PCRP: Making an Impact III-34

IV. Neurofibromatosis Research Program
The Disease IV-2
Signs and Symptoms IV-3
Program Background IV-4
The Visionaries IV-5
Visionary Approaches IV-8
The Program Today IV-20
The NFRP—A Decade of Funding Visionary Approaches IV-22

V. Ovarian Cancer Research Program
The Disease V-2
Signs and Symptoms V-3
Program Background V-4
Recognizing the Best People V-5
Thinking Differently V-9
The Program Today V-32
The Vision for Fiscal Year 2007 ..... V-33
The OCRP—Thinking Differently V-33

VI. Peer Reviewed Medical Research Program
Program Background VI-3
Joint Programmatic Review Panel VI-4
The Program Today VI-5
A Sampling of FY06 PRMRP-Funded Projects VI-9

VII. Chronic Myelogenous Leukemia Research Program
The Disease VII-2
Signs and Symptoms VII-2
Program Background VII-3
Recognizing Outstanding People VII-4
Exploring—Q & A VII-9
Exploring New Avenues for Research and Collaboration VII-14
The Program Today VII-16

VIII. Tuberous Sclerosis Complex Research Program
The Disease VIII-2
Signs and Symptoms VIII-3
Program Background VIII-4
Building a Network of Human Resources VIII-5
Building Research Resources VIII-10
Leveraging Resources VIII-15
The Program Today VIII-18

IX. Gulf War Veterans' Illnesses Research Program
Gulf War Illnesses IX-2
Program Background IX-2
Fiscal Year 2006 Summary IX-3
Supporting Our Gulf War Veterans...A Sampling of FY06 Funded Projects IX-4
A Team of Outstanding People IX-8

X. Autism Spectrum Disorder Research Program
The Disease X-2
Red Flags of Autism X-3
Program Background..... X-4
Progress by Working with the Best People X-5
The Program Today X-8

XI. Post-Traumatic Stress Disorder and Traumatic Brain Injury Research Program
Program Background..... XI-2
Post-Traumatic Stress Disorder..... XI-3
Traumatic Brain Injury XI-4
Joint Program Integration Panel Members..... XI-5
The Program Today XI-6

XII. Amyotrophic Lateral Sclerosis Research Program
The Disease XII-2
Signs and Symptoms..... XII-2
Program Background..... XII-3
The Program Today: Developing New Therapies..... XII-4
A Team of Outstanding People XII-5

XIII. Other Programs Managed by the CDMRP
Vision..... XIII-2
Program Accomplishments..... XIII-3

Appendix A: Fiscal Years 1992–2006..... A-1
Appendix B: Fiscal Years 2006–2007..... B-1
Appendix C: Breast Cancer Research Stamp C-1
Appendix D: USAMRMC Office of the Congressionally Directed Medical Research Programs Staff D-1
Appendix E: Acronyms E-1
